#9

What a year! Everything was back to normal, which was awesome. We could all breathe freely again.

We had another great season. The park was full of wonderful people who cherish camping time!

As usual, this book is a set of memories for the season, but also as a Divine Family memory book.

I discovered that those who spent the most time around me and smiled for the camera made it into the book the most. If you want to be in the book, hang around me and smile! There are way too many folks I don't have a single picture of - means they weren't around me enough!

The apartment flood leaked into the Command Center and backroom in February. With the wrecked flooring and drywall adding to the disintegrating desk, it was time to renovate. Salvaged cabinetry became new furniture and desk base and old pallet wood was epoxied to create a new desktop. New flooring, paint and outlets completed the project. Glad it's done!

New desk top on its way!

# Opening Up Woodsong

Steppin' into the season!

April was cold, rainy and miserable. It simply refused to warm up and cooperate. The terrible weather easily put me 2 weeks behind schedule. I worked in the Lodge and Apartment when working outside wasn't feasible. April was awful.

Tex Divine

Spring brings a flurry of activity and stress. Hurry up and wait for the weather to improve then dig in. The first jobs are getting the snow removed from the pool cover, getting all the machinery running and functional again and reorganizing workspaces. The season started much earlier than usual with the apartment flood. Dealing with all of the garbage and ruined cabinetry and renovating the Lodge Command Center was the starting off point in March. April brought cruddy weather, but finally things improved by May.

## Opening Up Woodsong

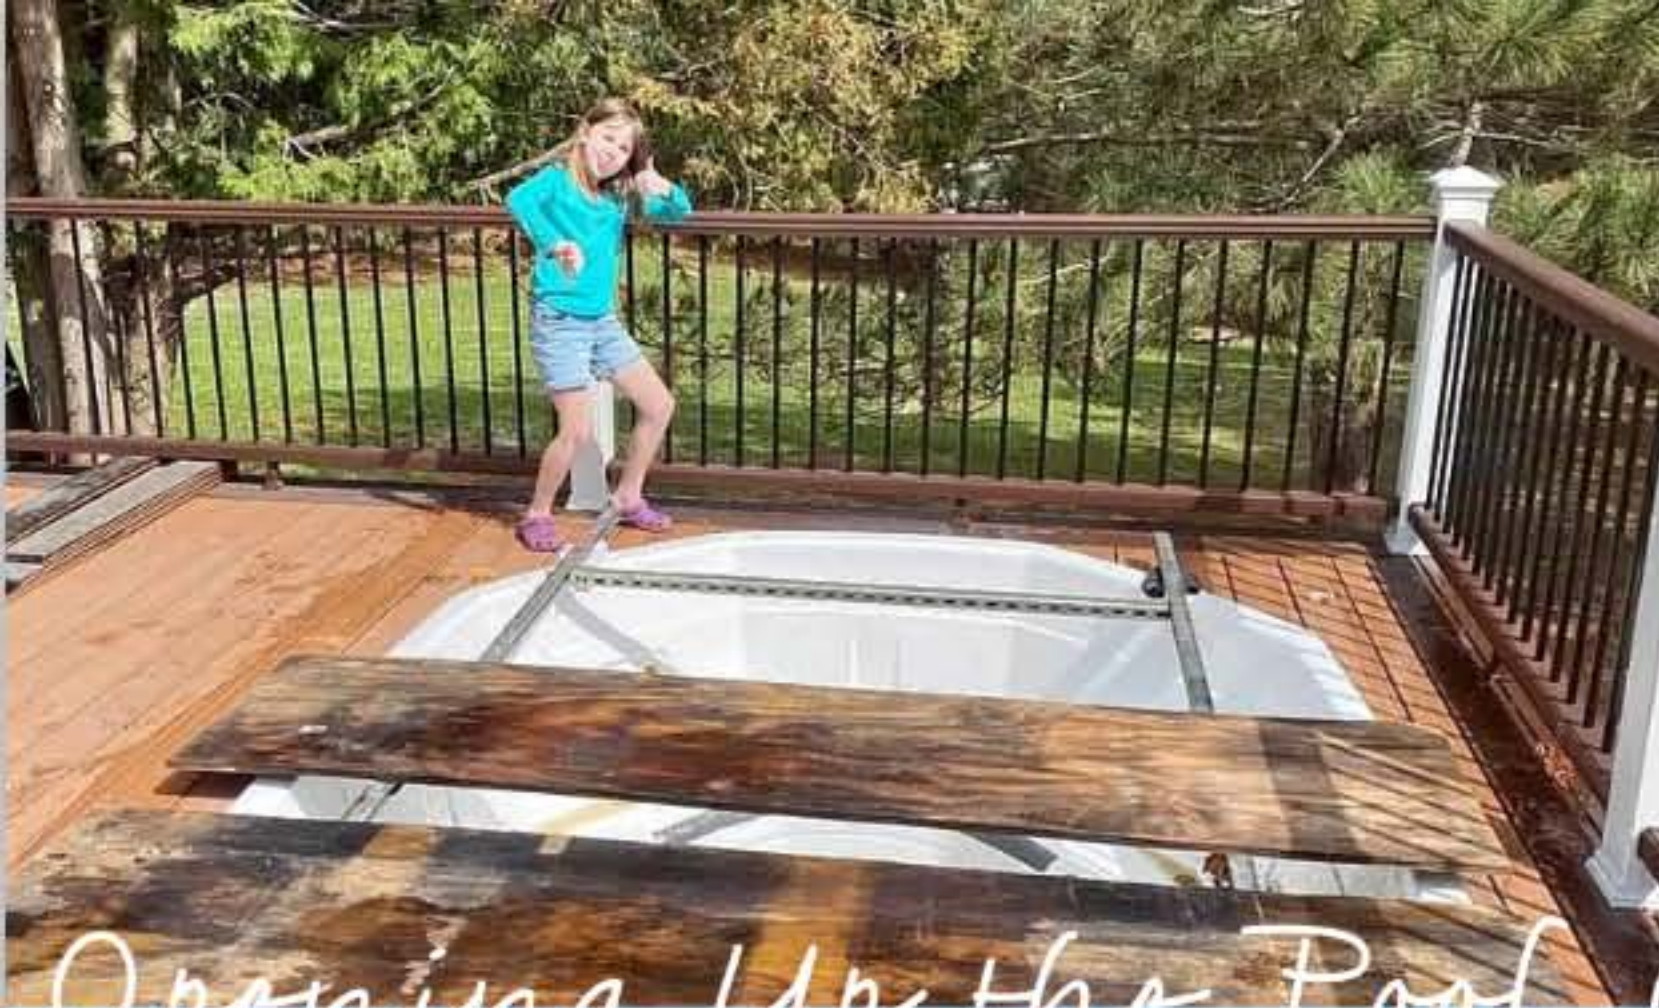

Taking off the sign cover indicates we're serious about opening up. It used to be only Tex at the sign, but the whole family now looks forward to participating in the photo shoot. What used to be a selfie now requires the tripod and a remote timer. It was rather chilly that day, but we still had grand smiles and nobody was mad! I'll admit, it's time for a new sign, though.

## Wine Social

Opening up the season with a wine social seems like a great idea. Reacquainting ourselves with everyone after the long winter was fantastic! We also did S'mores for the kids.

# First Mow of the Season

Quinn and Bristol do a great job every Thursday mowing the park. They coordinate with each other well and can mow the entire park in about 6 hours. It takes about 9 gallons to mow each week and they mowed 12 times this year. Once the mowing is finished, Quinn heads out and does the trimming. I'm thankful he is tall and strong and does the trimming because it's a job I despise.

# Memorial Weekend

Memorial Weekend is kick-off event of the season. The weather is nice, folks are ready to relax and it's time to embrace the summer. The park fills up. It is fun to play bean bags and Bingo again. The highlight of the weekend is the Flag Raising Ceremony. We honor our Veterans. Thank you!

The Adult Olympics have been the most highly requested event each summer. We had to limit the teams this year. There were 6 competitions - all competitive, but extremely fun and worth a lot of laughs. When it started raining we began the water games...crazy timing! It was a little cold, but the competition was hot. The best part of Adult Olympics are the creative team names and custom team t-shirts! Super thankful for the game judges (Scott and Jen Wilson, Kay Gould, Marilyn West, Jess Worms, Heather Ecklund), the point recorders (Jean Odell and Sue Schimt) and the announcer, Chris Ecklund, who we needed to make The Games successfull

# STOP! Behind the Scenes

TIME TO GET  
TO WORK!

These next few pages are meant primarily so I can remember the behind-the-scenes goings-on around the park. It's also reflective of what was happening in the wider world that affected us or stuff I found to be thought provoking. If you are easily offended, stop paging through the book right now. Proceed at your own risk!

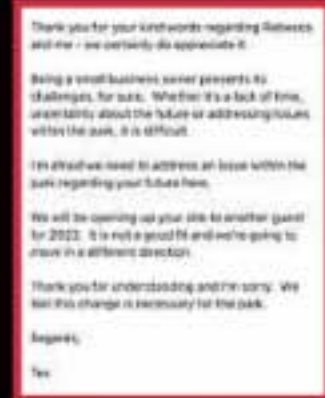

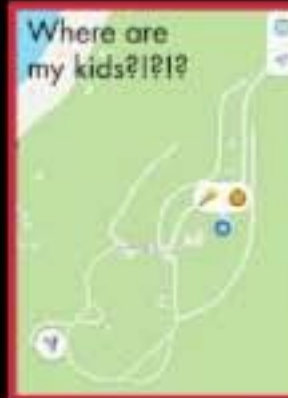

Have fun, work hard, enjoy the journey,  
and treat people good along the way.

# APARTMENT FLOOD

Super Bowl Sunday brought the discovery of a broken dishwasher feed line. It flooded the apartment for an undetermined amount of time.

ServePro was called in to mitigate, clean up and act as general contractor.

The renovation took all summer long and we're grateful for having insurance coverage.

New drywall, new doors, new cabinetry and new flooring. Looks great now!

2. Express gratitude for what you have
3. Do something productive
4. Do something fun
5. Do something for someone else
6. Get some sunlight
7. Exercise - it doesn't matter what - just do some exercise

1. Words are powerful, use them wisely.
2. People come and go, but the right ones stay.
3. You are doing enough even if it doesn't feel like it.
4. Failure is when you don't try.
5. Random acts of kindness make everyone feel better.
6. Live for today, not for tomorrow.
7. Never look back, there is nothing there for you.
8. Overthinking kills happiness.

## #10 There Are Two Types Of People

### Inflation over the decade

**You learn  
a lot about  
people when  
they don't  
get what they  
want.**

**Ungrateful  
people**  
complain about  
the one thing you  
haven't done for  
them instead of being  
thankful for the  
thousands of things  
you have done  
for them.

Price increases were extensive, suggesting that inflation may not be near its peak: Energy prices rose 7.5% in June from the previous month, and are up 41.6% from last year. Gasoline, on average, costs 59.9% more than it did one year ago and 11.2% more than it did in May. The food index, meanwhile, climbed 1% in June, as consumers paid more for items like cereal, chicken, milk and fresh vegetables.

Due to the current economic situation, quoted prices are subject to change on a daily basis. Thank you for your understanding.
